THE Enquirer announces on good authority that the efforts of the party leaders to force the Republican nomination for Appellate Court Judge upon Judge James C. Wright, of Newport, will prove unavailing. Judge Wright does not want the nomination, and has so informed a number of his most intimate friends in both parties. The chances are Judge Paynter will have no opposition.

PRESIDENT ROOSEVELT has given "Historian" Maclay his quietus, for a time at least. The President is reported as expressing himself in this emphatic language last Monday in a conference with Congressman Mudd, of Maryland: Never while I am President of the United States shall Maclay's history be used at the Naval Academy as a textbook.

PERSONAL.

—Mrs. Jas. Slattery, of Mayslick, is visiting her parents at Manchester.
 —Miss Mollie Browning, of Cincinnati, is visiting Mr. and Mrs. George N. Crawford, of Lee street.
 —Mr. and Mrs. John Duley went to Fleming Tuesday to see his mother who continues seriously ill.
 —Mr. Charles D. Pearce went to Louisville this morning to attend the funeral of the late W. N. Haldeman.
 —Messrs. Carl Walther and Lewis Lins, of Cincinnati, spent Sunday with Mr. and Mrs. C. A. Walther.

 —Messrs. A. Q. and W. L. Gordon, of Covington, were in Maysville Sunday visiting relatives. They were accompanied home by little Miss Lucy Gordon Quintance.
 —The Misses Bertha Greenwood, Freda Reinfelder, Emma Hoyer, and Messrs. William Kiel, Albert Smith and John Popp, all of Newport, were guests Sunday of Mr. and Mrs. James Cullen.
 —Misses May Miles and Edith Berry and Messrs. Harold Collins and L. H. Hamilton spent Saturday and Sunday with friends at Millersburg, driving through and back in a handsome trap.

The Business Man of the Future. [Exchange.]

The business man of the future is the boy of to-day.

He should be advised and guided toward habits which will make him and keep him strong in body and in mind.

Upon him will rest the burden of the disposition of commercial problems already intricate and involved. He must have a clear eye, a penetrative perception, a mental alertness and strength, and a physical capacity for hard work and great strain. The vast possibilities now looming ahead are for the brains and the hands of giants.

It is the to-day's duty of employers to give some attention to their young employees. The intelligent boy should not be treated as a machine, present in the office, shop or factory as a mere mechanical appliance. He should be considered as the living, breathing promise of future America.

Hiding Behind Lincoln's Tomb. [New Orleans Times-Democrat.]

It is unequally infamous on the part of Mr. Root and the General Smiths of the United States army to pervert this General Order 100 into another Spanish inquisition engine of torture, and then seek to excuse themselves by hiding behind the tomb of Abraham Lincoln.

S. P. Myers, of Mt. Olivet, slipped on an apple peeling and fell with such force that it is feared he was fatally injured.

The Fair Secretary's Association of Kentucky is the name of organization formed at Lexington Tuesday with W. O. Gaines, of Georgetown, President, and F. P. Kenny, of Lexington, Secretary and Treasurer. It was decided that each fair should do all possible to advertise and otherwise promote each other's fairs. By forming a regular annual circuit it is believed better attractions can be procured at lower prices and competition among concession men increased. It will also avoid clashes of dates in the same section of the State. Mr. H. L. Hamilton represented the Maysville Elks fair association at Tuesday's meeting.

The Fact of a Carpet

Is the wearing of it. This season, with its open windows and grinding dust, taxes a carpet to the utmost. If your carpet comes from us you can depend upon it. Our have a "wear like iron" reputation. We know every thread of carpet in our stock. Only the best mills supply us. Do you need a carpet or some other floor covering this spring? All we ask is the opportunity to show our stock. If it is not what we say, everything new and desirable, you will soon discover it—shrewder shoppers than Maysville people can't be found. Suppose, by inspection, you confirm these items.

UNIONS.

Heavy Cotton Warp, wool filling. Far from as good as all-wool, but much better than cotton ingrain and little difference in the price.

COTTON INGRAINS a yard 25c.
 UNION INGRAINS a yard 30c.

STINSON'S BRUSSELS.

Here's the biggest stock, the very cream of the most reliable mills. Artistic patterns that will never pall. Our greatest success has been with this line. An assortment of thirty.

PATTERNS AT 75c. AND 85c. A YARD.

WILTON VELVETS.

With every color play—twenty in all—for rooms, halls and stairs—many room patterns matched in border.

A YARD, \$1.

SAXONY AXMINSTERS.

The best \$1 Axminster in the market. Don't buy carpets of unknown name. High grade carpets have maker's stamp on the reverse side. The seller's responsibility, combined with the stamp, is your safeguard.

WHAT ABOUT OILCLOTH AND LINOLEUM?

We can't sell you the cheapest grades—don't handle them—not worth putting down—waste of time and money. The other grades all present—from 25c. up in Oilcloth and 50c. up in Linoleums.

THE CROP OUTLOOK.

Conditions Favorable For Some Time.
 Wheat Will Be Below Average—Corn Planting Well Advanced—Tobacco Prospects.

[Weekly Review by Weather Bureau, May 13.]

The temperature averaged a little above the normal for the week, but several of the nights were quite cool. There was a good rainfall in the southern and extreme western portions, but in the north central portion, and especially along the Ohio river, it was very dry.

Wheat has made quite a decided improvement in the western and southern portions of the State, but will not be nearly up to the average crop as a whole. Tobacco plants have made splendid growth in the western section, and are about ready to transplant; in fact, a few fields have already been set out. In the north central and eastern sections the plants have made very slow progress and are scarce and backward.

Corn planting has advanced well and the early fields in the western section are making a good growth, but in the central and eastern sections the cut worms are damaging many fields very seriously.

Oats, rye, clover, meadows and pastures are doing fairly well, but need more rain in the north-central portions of the State. Potatoes are making good growth and look quite promising. Gardens are generally doing quite well, but have been quite seriously injured in some localities by cut worms.

The prospect for fruit is fairly good, except peaches. Strawberries are beginning to ripen in the southern and western portions of the State and look quite promising. Other small fruits are doing well.

Hemp is coming up well and growing nicely.

Farm work has been somewhat delayed by rain in the western section, but is fairly well up elsewhere.

TIMELY WARNING

Given by a Young Woman to Workmen Whose Lives Were Saved.

Norristown, Pa., May 14.—The presence of mind of Miss Hattie Henderson saved 30 men employed in the quarries at West Conshohocken from death or injury. Miss Henderson resides a short distance from the quarry and as she looked from a window, she saw that the roof of the powder magazine was blazing. The men at work in the quarry were not aware of their danger until she ran to the quarry and warned them, not a second too soon. While the men and Miss Henderson were fleeing for their lives, there was a terrible explosion. The air was filled with splinters, stones and dirt which showered upon their heads. In the magazine which exploded there were 30 kegs of powder and 500 pounds of dynamite. Nothing but a hole in the ground marked the place where the powder house stood.

Feminine Beauty Comes High.

New York, May 14.—For the partial destruction of her facial beauty in the Park avenue tunnel disaster, Minnie J. Rice of New Rochelle, has received from the railroad company \$1,000. Miss Rice was caught between two seats and her nose was crushed flat. She also sustained severe cuts about the head. Her beauty was partly restored by skin grafting operations.

More Fighting in Hayti.

Port-au-Prince, Hayti, May 14.—Further fighting occurred in the streets here before and after midnight. Some of the leaders of the revolution have retired to the United States legation. The situation is very serious. The whole population is armed and insists on the immediate departure from the country of former President Sam.

Rev. Father Hickey remains very ill at his home near Mill Creek.

Kentucky fair secretaries met Tuesday at Lexington to organize for mutual benefit.

Flemingsburg has passed an ordinance imposing a license of \$100 a year on all dealers in fireworks.

Mrs. Burgess, President of the C. W. B. M. of the Christian Church, died Monday night at Indianapolis.

Rev. E. H. Rutherford, of Paris, will represent Ebenezer Presbytery at the General Assembly at Jackson, Miss., this week.

The Kentucky Conference of the M. E. Church will be held in Louisville September 25th, Bishop John M. Walden presiding.

The Ewing Deposit Bank opened for business May 1st with deposits amounting to about \$3,000. T. H. Talbot, formerly of Cynthiana, is the cashier.

The commencement exercises of Millersburg Female College will take place, beginning May 23rd. There will be six graduates, among them Miss Lillie Chanslor, a sister of Mrs. Frank Armstrong, of this city.

A few hours before the eruption of Mont Pelee Prof. Felix Kerrick, of the Louisville Manual Training High School, predicted there would be a violent explosion on the island of Martinique within forty-eight hours.

The suit of Dr. C. W. Aitkin vs. Dr. A. M. Wallingford, in the Fleming Circuit Court, resulted in a verdict of \$400 in favor of the plaintiff. The suit was for \$500 damages over a trade which had been made between the parties.

Master Ben Ott will in the future deliver THE EVENING BULLETIN in the east end of the Third ward and all of the Fourth. We believe our patrons will find him prompt in delivering his papers. However, should he fail to do so, please report to the office.

At Lexington bench warrants for J. C. Gavigan and Irvine J. Isbell, of Cincinnati, officers of the Germania Guarantee Company of Company, indicted by the Fayette grand jury, charged with embezzlement, have been issued. Harvey Myers, their attorney, promised to have them appear Monday at Lexington and give bond, but they have failed to do so.

The smallpox is spreading in Robertson County and the disease is no longer confined to one neighborhood. There has been but one case in Mt. Olivet. No steps have been taken to check the spread of the disease. It is claimed there is no Board of Health in Mt. Olivet, the terms of all the members of the old Board having expired. The disease seems to be in a mild form.

Allen Henderson, who has been in jail in Flemingsburg on a charge of shooting and killing Landers Barber, of Bath County, at a dance in Fleming last December, was Monday granted bail in the sum of \$2,000. This a peculiar case. After Barber was shot, he accused Jacob Adams of the deed, but just before he died he said he did not know who shot him. Adams was tried and acquitted; Henderson was then placed in jail charged with murder. Barber's body was twice exhumed and an effort made to find the bullet that ended his life, but without success. Adams and Henderson had revolvers of different calibers and if a bullet had been found, it would have shown who was the guilty man. The case has attracted much attention. Barber's relatives are indignant over Henderson being granted bail.

COMMONWEALTH VS. YARNALL.

Opinion of the Appellate Court in This Case, Taken Up From Mason County.

Reversing the above case the Court of Appeals says:

First—Under Ky. St. Sec. 1166, providing for the punishment of any person who shall "willfully and maliciously cut, strike or stab another with a knife, sword or other deadly weapon" with intent to kill such person, a bottle may be a deadly weapon, and whether it was such as used is a question for the jury.
 Second—An indictment under that statute which charges that the offense was committed both by striking and by kicking states but a single offense.
 Third—Under an indictment for willfully and maliciously striking another with a deadly weapon with intent to kill, if it turns out that the weapon used was not a deadly weapon the defendant may still be found guilty of assault and battery.
